MULTI-RESIDENTIAL & HOME BUILDER PRODUCT RANGE

ILEM46X COFFEE MACHINE

The Best Coffee at Home!

The ILEM46X is a fully automatic coffee maker, with a steam facility for a cappuccino and various other hot drinks. It allows you to choose the quality of the coffee you want by the automatic grinder presets, QTY of ground coffee & coffee brewing amount for that perfect caffeine hit when you want it!

Control Panel

The control panel with touch sensors, include icons of the various functions available which makes it easy to select your desired operation. It will also alert you when cleaning or refilling is required

Coffee Brewing

You can choose the type of coffee that want to brew be it short, medium or long and also between different grades of grinding, so to vary the consistency of the coffee and the intensity of the aroma and strength

Coffee Compartment

The container holds 200g of coffee beans, with a single grinding machine, for a consistent quality of each cup of coffee. A warning light on the control panel connected to a sensor in the container will alert you when it needs refilling

Water Tank

The built-in water tank will hold 1.8L of water with a scale filter that is positioned at the side of the machine. A sensor connected to the light on the control panel will alert you when you need to top up the water
